EDUCATION

University of California, Berkeley
Aug. 2023 – Present

Physics, Mathematics, Electrical Engineering & Computer Science (Minor) — Berkeley, CA

- Relevant Coursework: Data Structures, Deep Learning for Visual Data, Advanced Programming in R, Computer Programs, Communication Networks, Information Devices and Systems, PCB Engineering
- Launchpad AI/ML, Hands-On PCB Engineering Course Staff (Spring 2024)
- 2023 National Merit Scholarship Finalist (awarded to <1% of students)

IBM Professional Certification in Machine Learning
Jan. 2023 – Jun. 2023

Certification — Remote

- Studied the fundamentals of machine learning including regression, clustering, classification, deep learning, and reinforcement learning
- Completed capstone project using machine learning to build recommender systems

EXPERIENCE

Kairos Academics
Apr. 2023 – Present

Tutor — Remote

- Provide one-on-one tutoring to high school students in math and science
- Develop personalized lesson plans and study strategies to address individual student needs and learning styles
- Monitor student progress and adapt teaching methods to ensure comprehension and academic growth

Amazon
Aug. 2023 – Dec. 2023

OpenSearch Contributor — Remote

- Selected as member of 2023 OpenSearch Contributor Initiative (<4% acceptance rate)
- Contributed to the opensearch-project/ml-commons GitHub repository by developing machine learning algorithms, unit tests, and plugins in Java
- Collaborated with undergraduate students, graduate students, and industry professionals across the globe under the mentorship of Machine Learning Engineers at Amazon

UC Irvine, Department of Physics & Astronomy
Feb. 2022 – Jul. 2023

Researcher — Irvine, CA

- Developed, trained, and tested TensorFlow/Keras deep learning models to address data scarcity issues in high momentum collision analysis with >90% accuracy
- Simulated particle collisions using MadGraph, Pythia8, Delphes, and ROOT and wrote reconstruction algorithms in C++ and Python to predict particle mass with <2% error

SimpleMath Foundation
Aug. 2021 – Jun. 2023

Head of Tutoring — Irvine, CA

- Led a team of 11 tutors to provide academic support to children from underserved communities, helping improve their understanding and confidence in math
- Personally tutored 2 students each week, tailoring instruction to meet individual needs and learning styles
- Created and published a series of engaging and informative YouTube videos on key math concepts

PROJECTS

TECHNICAL SKILLS

Languages: Python, R, C++, Java, HTML/CSS, JavaScript, SQL
Frameworks: ROOT, Flutter, Flask, TensorFlow/Keras, PyTorch, Mockito
Libraries: Pandas, NumPy, Matplotlib, SciKit-Learn, BeautifulSoup
